

REMARKS

Claims 1-7, 9 and 10 remain present in this application.

The specification and claims 1, 2 and 6 have been amended. Reconsideration of the application, as amended, is respectfully requested.

Claims 1, 2 and 6 stand objected to for certain informalities. In view of the foregoing amendments, it is respectfully submitted that these objections have been addressed. In particular, we note that in claim 1, "said sidewall" has been changed to – at least one of said two sidewalls-- to provide proper antecedent basis. In claim 2, "the one sidewall" has been amended to – one of the two sidewalls--. In this regard, the Examiner's attention is drawn to Fig. 3 and its corresponding description on page 4, lines 14-15, wherein it is stated that the "heat dissipating fan 143 is mounted on the sidewall 18." With regard to "said center of the holding dock", this phrase has been changed to "a center of the holding dock". Finally, with regard to claim 6, it is noted that the foot rack is claimed. In the Figure 7 embodiment, foot racks 16 are shown. This arrangement should be clear. It is requested that the objection to the claims now be reconsidered and withdrawn.

Claims 1-3 and 5-7 stand rejected under 35 USC 103 as being unpatentable over Moore et al., U.S. Patent 6,084,769, in view of Huang, TW 562177. This rejection is respectfully traversed.

Applicant gratefully acknowledges that the Examiner considers claims 4 and 8-10 to contain allowable subject matter. Without conceding the appropriateness of the Examiner's rejection, but simply to expedite prosecution, it is noted that the limitations of objected-to but allowable claim 8 have been incorporated into independent claim 1. Accordingly, all claims

should now be in condition for allowance. Reconsideration and withdrawal of the 35 USC 103 rejection are respectfully requested.

Favorable reconsideration and an early Notice of Allowance are earnestly solicited.

Because the additional prior art cited by the Examiner has been included merely to show the state of the prior art and has not been utilized to reject the claims, no further comments concerning these documents are considered necessary at this time.

In the event that any outstanding matters remain in this application, the Examiner is invited to contact the undersigned at (703) 205-8000 in the Washington, D.C. area.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.
